EDUCATION

University of Manitoba — Winnipeg, MB
Major in Computer Science, React Development, Front-End Development — *September 2018 – May 2023*

Art School of Kasteyev — Almaty, KZ
Diploma in Art and Design — *September 2016 – June 2018*

EXPERIENCE

React Software Developer — May 2023 – Present
OutreachGenius Marketing Inc. [Part-time] — *Winnipeg, MB*
- Successfully transformed and refactored a legacy Vue codebase into a modern, maintainable, and performant React TypeScript codebase for a Chrome extension.
- Implemented Material-UI and Tailwind libraries to enhance the design and styling of the Chrome extension, creating a visually appealing and user-friendly interface.
- Integrated Firebase into the project, leveraging its powerful real-time database and authentication capabilities for the Chrome extension
- Proactively researched and implemented optimizations, such as performance enhancements and code refactoring, resulting in improved loading times and enhanced user experience for the Chrome extension.
- Designed layouts for a software as a service project and a React extension, building designs using Material-UI from scratch for both.

Full Stack React Developer, Trackr — April 2022 – June 2022
University of Manitoba [Contract Work] — *Winnipeg, MB*
- Enhanced an open-source project that visualizes 100+ types of data
- Designed and implemented over 50 custom UI components using React and MaterialUI
- Created new Figma designs and layouts for 3+ new pages
- Worked with RESTful API and backend technologies to provide information to the user on front-end

PROJECTS

PacketVis | *React, Mapbox, Bootstrap, DeckGL, JavaScript* — December 2021 – February 2022
- Coordinated creation of full-stack web application with a team of 3 mainly focusing on front-end using Mapbox and Bootstrap
- Implemented a custom 3D Map Interface using Mapbox and DeckGL
- Strengthened data parsing to analyze over 100 JSON files
- Created Real-Time animations and algorithms to visualize over 30000 lines of data per iteration

DevClub Website | *Figma, React, HTML, JavaScript, CSS* — February 2022
- Envisioned new, modern and minimalist website for .devClub group in University of Manitoba
- Used Figma to design over 20 different Desktop, Tablet and Mobile designs
- Deployed a React web application and maintained it in a team of 3

VOLUNTEERING

.DevClub | *Promotions Executive, Lead Designer* — April 2022 – Present
- Organizing biggest development and programming events in University of Manitoba that are visited by 200+ students
- Working with sponsors to develop best experience possible at events

Hackathon Winnipeg | *Promotions Executive, Lead Designer* — April 2022 – Present
- Secured funding for an event with 300+ students
- Organized and managed the biggest Hackathon event in University Of Manitoba since 2015
